Classroom and practical lessons will help you understand how camp is able to create a memorable experience for every camper. During your time with us we will assist with the development of practical skills that will transfer to a host of future roles, from daily life through college to positions of employment. Under the guidance of our dedicated leadership training staff, CITs will be exposed to a range of scenarios that will prepare you to be a senior camper with leadership responsibilities. Specific areas of attention include creating positive first impressions, the cultivation of friendships, customer service and the role of the counselor in assisting camper. Successful participants in the CIT program are actively encouraged to apply for camp positions the following summer. There will be opportunities for CIT's to receive certifications.
